

Repeated Courses/Grade Replacement

Repeating a Course

Students may only enroll in a course offered at Manhattan University three times to pass that course, excluding withdrawals (W grades). If the student is unsuccessful in passing the course after their third time, they may **not** enroll in an equivalent course at another institution and transfer in that course in order to continue on their initially intended degree path.

All grades will be shown on the transcript and are included in both the semester and cumulative GPA, unless, the student applies for the grade replacement policy.

Grade Replacement Policy (Effective 2018-2019 Year)

The Manhattan University grade course replacement policy primarily applies to any student who has not met the minimum required grade for his/her program of study.

Secondarily, a student who has earned a C or less in a course may be allowed to apply this policy to improve the course grade and cumulative GPA. When the student repeats the same course at Manhattan University the higher of the two grades is used in calculating the student's GPA. The lower grade will remain on the student's record but will not be used in the calculation of the cumulative GPA. No additional credits are earned. All grades earned will appear on the student's transcript. See requirements below:

Grade Replacement Conditions

- Eligible students wishing to apply the course replacement policy may do so at any time during his/her undergraduate enrollment, but petitions will not be honored after the degree is awarded.
- Ordinarily, this applies only to the first time a course is repeated.
- Applies to 100 or 200-level courses taken at Manhattan University. The dean of the student's school will approve or deny the application.
- A student may petition to apply the same policy for a 300 or 400-level course. The dean of the student's school will approve or deny the student's petition.
- Ordinarily, it is expected that students repeat a course within a year after first taking it
- Applies to no more than 16 credits of the student's academic record.
- The grade of the original course will not be removed from the GPA calculation until after the new grade has been completed at the end of the term.
- Only the higher of the two grades is used in calculating the GPA.
- The lower grade remains on the student's transcript and will not be used in the calculation of the cumulative GPA. No additional credits are earned.
- All grades remain on the transcript.
- Grade replacement may not be used to replace a grade assigned as a result of academic dishonesty.

- Does not apply for courses which transfer credits have been awarded.
- Grades of "W" or "AUDIT" will not replace previous grades.
- G.I. Bill students and others receiving Veterans Administration benefits are advised that replacement of any grade other than an unsatisfactory grade must be reported to the V.A. and may result in the retroactive reduction of benefits for the semester for which the replaced grade was originally assigned. An unsatisfactory grade may be replaced without similar consequences. Notify the Veteran Certifying Official when applying to use this option.
- Federal and/or state regulations may supersede portions of this policy. For example, students with financial aid are required to follow federal regulations regarding repeating courses. Please consult with the Office of Financial Aid to check how this policy may impact your eligibility for financial aid.

Note: In the future, if you apply for admission to other universities, universities, graduate, and professional schools, or if your record is evaluated by a national testing agency such as AMCAS or LSDAS, both MC grades will likely be included in the calculation of your GPA.
