

# Tuition and Fees

---

The uncertainty of present-day costs makes it necessary for the University to reserve the right to increase tuition and fees whenever necessary. In applying for admission, students and their families should anticipate future annual increases. Such changes will be formally announced in advance.

\* *Note: COA is an estimate listed for new students entering 2024-2025 using the average of all schools program fees as a representative model. School of enrollment determines the program fee. Consult catalog for the appropriate charge. Adjustments are made for less than full-time status, overcredit charges, room rate and meal rate plans selected. Please refer to the Student Accounts and Bursar Services website for a complete COA listing for new and continuing students.*

\*\* *Student Health Insurance will be assessed annually to all full-time students, international students, resident students and students participating in intercollegiate athletics. The charge can be waived if proof of existing comparable coverage is submitted timely and approved by the insurance provider.*
